How to set up Zoom
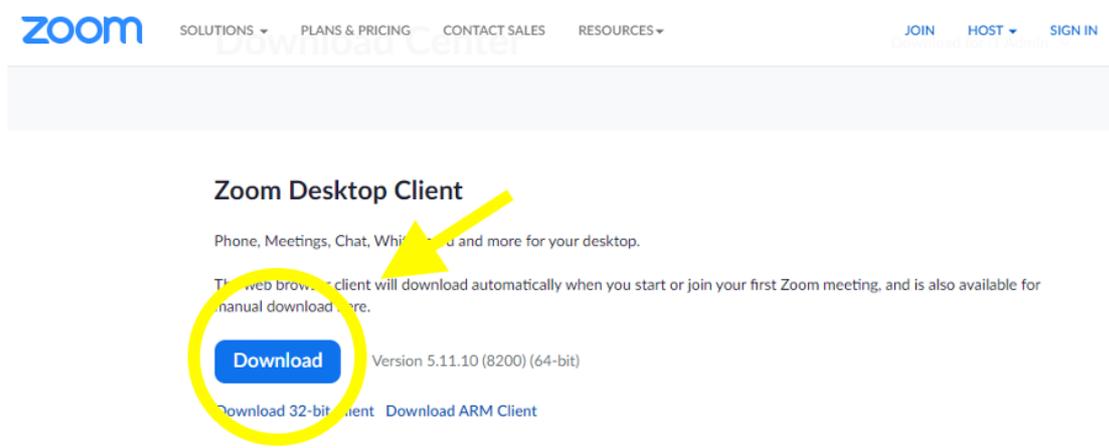

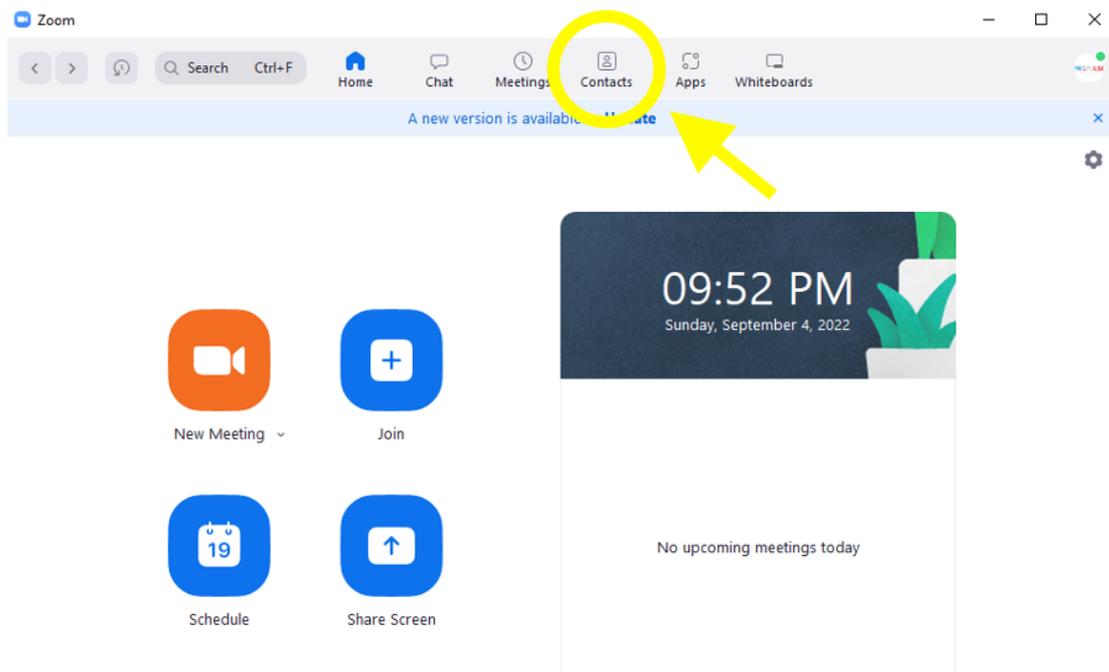

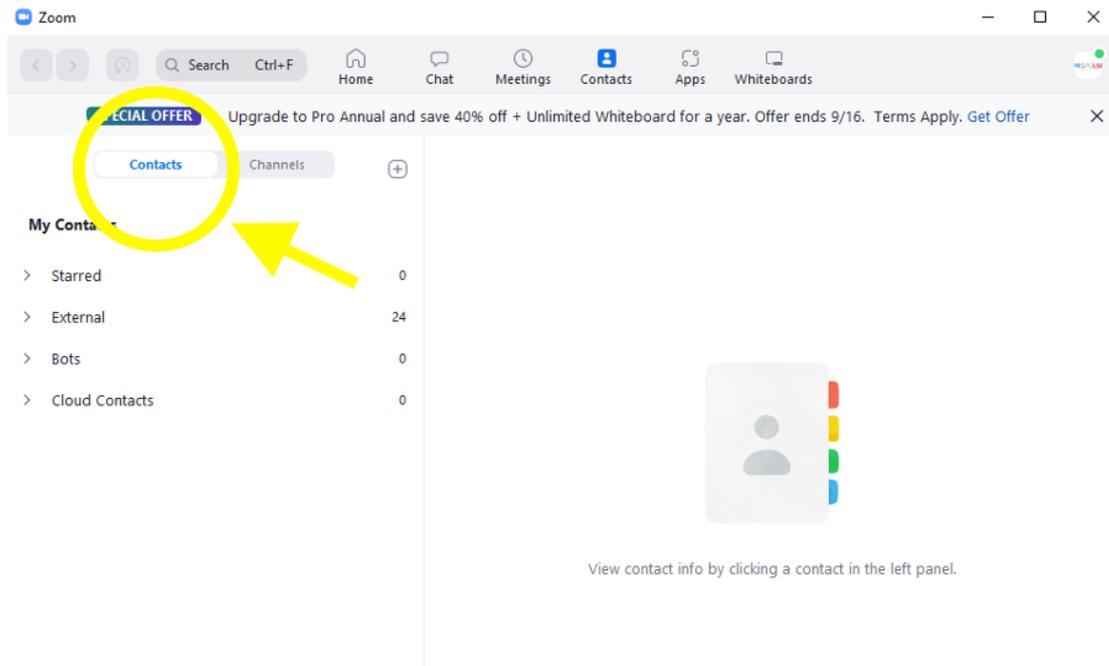

1. Download Zoom and install in your computer.

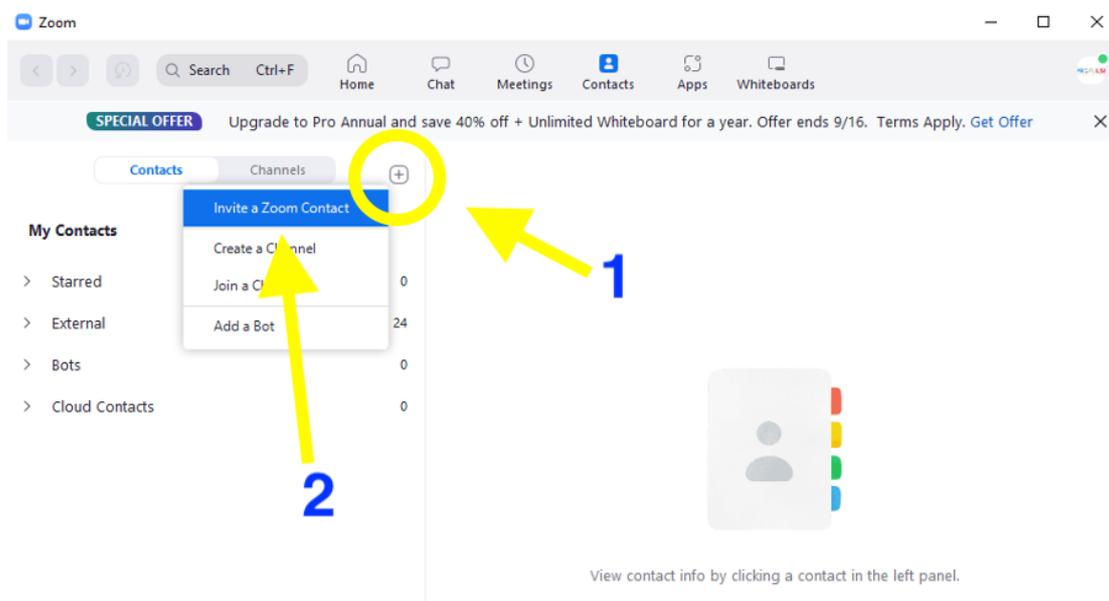

2. Click " Contacts " Button on the top bar.

3. Click " Contacts " button on the right side.

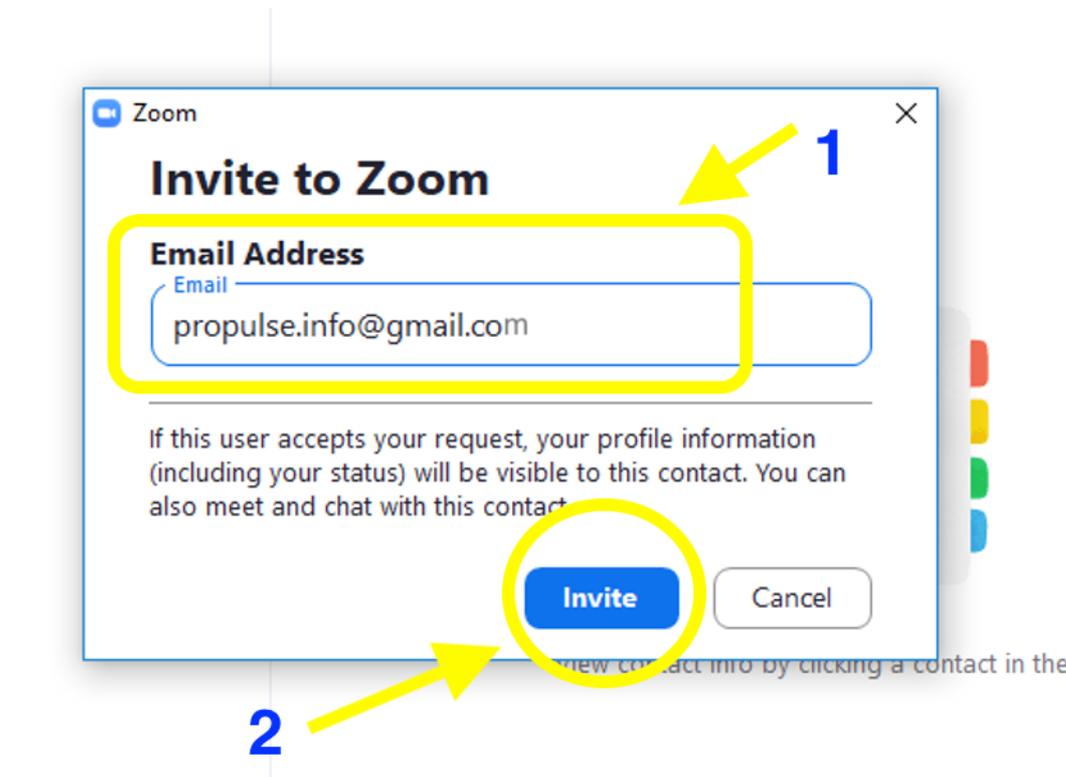

4. Click " + " Button, Choose " Invite a Zoom Contact "

5. **Enter our Zoom ID** " propulse.info@gmail.com "

and press " Invite " button.

Attention :

In order to ensure the online class processing with high quality, please download the software "desktop version" of Zoom.

After we receive your Zoom ID (An Email address), an invitation message will send it to you. You can receive a notice message in your Zoom application.

Non-desktop versions of Zoom software (Ex: Mobile version, Web version etc.) may not receive our invitation message.

You may not receive the invitation message if your Zoom is not upgraded.

We are calling students on the Zoom application. Therefore, you will not receive a link in your email before the class starts.
